Fire Protection Engineer

Mabbett & Associates, Inc. (Mabbett®), an award-winning environmental, health and safety (EH&S) consulting and engineering firm, is seeking a Fire Protection Engineer to join our team in Alexandria, Virginia. This opportunity is open to **full-time and part-time** candidates who possess a strong Fire Protection engineering and code compliance background. This position is responsible for providing consulting services for a major project with a U.S. Federal government agency in the metropolitan Washington, D.C. area plus other national project opportunities.

Qualifications

- Bachelor's degree or higher in fire protection engineering, or a related field.

- 5 years of related experience, including conducting code compliance evaluations or inspections and preparing reports. Possess a strong understanding of NFPA 101 and the International Building Code.

- Professional Engineer (P.E.) credential is required.

- Prior consulting experience is preferred.

- Strong technical writing and communication skills and proficient in Microsoft Office® Products.

- Must be a U.S. Citizen with a valid driver's license and able to successfully pass a pre-employment background check and a drug screen, to include cannabis. Must be able to obtain, as a minimum, OMB Position of Public Trust, and Federal Protective Services Favorable designations. Other clearance requirements for access to Federal facilities may be necessary and will be addressed on a case-by-case basis.

- Military Veterans are strongly encouraged to apply.

Key Responsibilities

This position will provide technical and client management support, including but not limited to:

- Supporting Fire Protection and Environmental, health and safety (EH&S) compliance assessments of government facilities.

- Program development and implementation;

- On-site client support; and

- Technical report preparation and review.

Base Location

This position is based in Alexandria, Virginia. Ability to travel, work in the field, work outdoors, and lift 50 lbs. is required.

About the Firm

Mabbett, established in 1980, provides integrated multi-disciplinary EH&S, and architectural-engineering design services. For 43 years, Mabbett has delivered value-added professional services to Federal, state, and local agencies and industry, and commercial enterprise. Mabbett is a US Department of Veterans Affairs (VA), Center for Verification and Evaluation (CVE), verified Service-Disabled Veteran-Owned Small Business (SDVOSB) with headquarters located in Stoneham, Massachusetts and regional offices located in Rhode Island, New York, and Virginia.

The firm is an Equal Opportunity and Veteran Friendly Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, veteran, or disability status. For more information, visit: www.mabbett.com.

The Firm continues to experience significant growth in the Federal and private sectors, including biotechnology, healthcare, and academia. In 2021, Mabbett was selected as a **2021 Best Firms to Work for Award winner** by Zweig White (ZW), the architectural, engineering and consulting (AEC) industry's leading management firm.

Mabbett offers a comprehensive benefits package to eligible employees, including Blue Cross/Blue Shield medical insurance; Delta Dental insurance; Blue Cross 20/20 Vision plan; 401(k) plan with a company match; profit sharing retirement plan; performance and year-end bonus programs; group life, short and long-term disability, and travel-accident insurance, professional development programs and much more.
