

## **Safety Officer**

**Electrical Contractor – Washington, DC Metro Area**

**Position Type:** Full-Time

**Location:** Washington, DC Metro Area (DC, MD, VA)

**Industry:** Electrical Construction

### **Position Summary**

We are seeking an experienced and motivated Safety Officer to support our electrical construction operations throughout the DC, Maryland and Virginia regions. This role is responsible for promoting a strong safety culture, ensuring compliance with OSHA and company safety standards, and working closely with field personnel to maintain safe, productive job sites.

The ideal candidate has hands-on construction safety experience, strong communication skills, and a proactive approach to identifying and mitigating risk—particularly within electrical construction environments.

### **Key Responsibilities**

- Refine, implement, and enforce company safety policies and procedures
- Conduct regular jobsite safety inspections and audits on active electrical projects
- Identify hazards and recommend corrective actions to prevent incidents and injuries
- Lead safety orientations, toolbox talks, and safety training for field and office staff
- Investigate accidents, incidents, and near-misses; prepare reports and corrective action plans
- Ensure compliance with OSHA, local, and client-specific safety requirements
- Assist with job hazard analyses (JHAs), risk assessments, and site-specific safety plans
- Maintain proper safety documentation, records, and metrics
- Collaborate with project managers, foremen, and superintendents to integrate safety into daily operations
- Serve as a safety resource for employees and management

### **Qualifications**

- Minimum of 3-5+ years of construction safety experience, preferably with an electrical contractor
- Strong working knowledge of OSHA regulations, especially those related to electrical work
- OSHA 30 certification required (OSHA 500/510 or equivalent preferred)
- CSP, CHST, or similar certification is a plus
- Experience conducting site audits, incident investigations, and safety training
- Excellent communication and interpersonal skills

---

## **ELECTRICAL SYSTEMS, LLC**

- Ability to work independently across multiple job sites
- Proficient with basic computer applications (reports, forms, email). Familiarity with Procore is a plus

### **Physical & Work Requirements**

- Ability to visit active construction sites and navigate uneven terrain
- Occasional lifting of safety equipment and materials
- Willingness to travel throughout the DMV area

### **What We Offer**

- Competitive salary commensurate with experience
- Health, dental, and vision insurance
- 401(k) with company match
- Paid time off and holidays
- Company vehicle or mileage reimbursement (if applicable)
- Opportunity to help shape and strengthen a growing safety program

### **How to Apply**

Interested candidates should submit a resume highlighting relevant safety and construction experience to Brian Sheckells at [brians@specifiedes.com](mailto:brians@specifiedes.com)
